About

I'm a computer science student and competitive and creative programmer with a passion for learning and experiencing new things, I attend the Faculty of Computers and Informatics, Zagazig University

Experience

- | | |
|-------------------|--|
| 03/2025 – present | Human Resources Team Member, GDG On-Campus Zagazig <ul style="list-style-type: none">• Worked as a Human Resources Team Member supporting recruitment and organizational tasks.• Assisted in coordinating interviews, managing candidate communications, and maintaining HR records. |
| 01/2025 – present | Human Resources Team Member, ICPC Zagazig Community 
A Community focused on training students on problem-solving <ul style="list-style-type: none">• Worked as a Human Resources Team Member supporting recruitment and organizational tasks.• Assisted in coordinating interviews, managing candidate communications, and maintaining HR records.• Collaborated with team members to organize training sessions and onboarding activities for new interns.• Monitored and evaluated mentors' performance and created Google Forms to assess the effectiveness of their sessions.• Utilized Google Sheets to manage and analyze evaluation data, contributing to continuous improvement efforts within the ICPC community. |
| 11/2024 – present | Member, GDG On-Campus Zagazig <ul style="list-style-type: none">• Started a journey into backend development, learning the basics of PHP, Laravel, and MySQL.• Participated in team-based activities, enhancing my skills in teamwork, collaboration, and communication. |
| 10/2024 – present | Member, IEEE ZSB CS <ul style="list-style-type: none">• Started a journey into cybersecurity, learning the basics of network security, ethical hacking, penetration testing, and security protocols.• Took in team activities, improving teamwork, collaboration, and communication skills. |
| 10/2024 – 11/2024 | Trainee, ICPC Zagazig Community
A Community focused on training students on problem-solving <ul style="list-style-type: none">• I solved programming problems on different topics• Participated in training sessions to enhance problem-solving and competitive programming skills.• Collaborated with peers and mentors to solve algorithmic challenges in preparation for ICPC competitions. |

- Engaged in remote activities to support the growth and engagement of the ICPC community.
- Certificate [↗](#)

Projects

Quran-Playlist-Manager [↗](#)

A comprehensive console-based application for managing playlists.

This project was developed as part of the 2024 Data Structures course at Zagazig University. It leverages a custom-built Doubly linked list data structure, showcasing a range of object-oriented programming (OOP) principles. This project provided hands-on experience with data structure design, algorithm efficiency, and OOP concepts, allowing for learning and practical application of these key software engineering skills.

Contact-Book [↗](#)

A comprehensive console-based application for managing contact information.

This project was developed as part of the 2024 Data Structures course at Zagazig University. It leverages a custom-built dynamic array data structure, showcasing a range of object-oriented programming (OOP) principles. This project provided hands-on experience with data structure design, algorithm efficiency, and OOP concepts, allowing for both learning and practical application of these key software engineering skills.

Education

10/2023 – present	Faculty of Computers and Informatics, Zagazig University , <i>Bachelor's degree</i> Grade: GPA: 3.1
09/2022 – 08/2023	Faqous Military High School , <i>High School Diplome</i> Grade: 83.05%

Certificates

Computer Network Fundamentals ↗ Networking · OSI Model · Internet Protocol Suite (TCP/IP) · Routing · Transmission Media	Git and GitHub ↗ Git · GitHub	The Open University Introductory level Digital & Computing course ↗ Simple coding	AUC 101 Foundations of English ↗ English · Teaching English as a Second Language
---	---	---	--

Skills

Hard & Soft

PHP, C++, HTML, MySQL, Object-Oriented Programming (OOP), Laravel, Kali Linux, Ethical Hacking, Cybersecurity Tools, Attention to Detail, Analytical Thinking, Communication, Networking, OSI Model, Internet Protocol Suite (TCP/IP), Routing, Transmission Media, Human Resources (HR), Git, GitHub, Teamwork, Problem-Solving, Speed Typing
